

8th Feb 2026

Dear Sir Madam

I am writing about my concerns about the Church Farm Development Si. Athan.

The entrance for the development is going to be very dangerous for people who are trying to pull out of Glynidwr Avenue. It is very different now without all the extra traffic the new development would cause.

The bottom of the field is one of the only places the yellowhammer can be seen.

Also not enough Drs, school places, job and rubbish bus services.

Yours faithfully,

ROGER COOPER
