

I am writing to express the disappointment Vols of Glen council and councillors have in meeting on all time basis in regarding the appealing way to which the residents of St Ather village, are expected to sit back and take what is being decided for us.

I think it is unacceptable to think St Ather can cope with the pressure all these building sites in and around this area are going to manifest itself:

Flooding

Road disruption (GILSTON ROAD WILL NOT COPE)

More cars (NOT ENOUGH PUBLIC TRANS)

Wildlife disturbed

St Ather Village has inadequate facilities for its residents as it is. Therefore Council money should be spent on improving in and around St Ather, rather than disrupting anything causing more pressure on its residents
