Vale of Glamorgan Replacement Local Development Plan

2021-2036 DEPOSIT PLAN CONSULTATION

Public Consultation Representation Form

The Council is seeking your views on the Replacement Local Development Plan (RLDP) **Deposit Plan**. The Deposit Plan is the next formal stage in the development plan preparation process and expands on the Preferred Strategy which the Council consulted on in December 2023 – February 2024.

The Deposit Plan is the full draft version of the RLDP, detailing the **overall strategy, development policies, land designations** (e.g. conservation) and **specific land allocations** for development (including new housing and employment sites) over the 15-year period 2021-2036.

The public consultation will run for 6 weeks between **Wednesday 28th January 2026 and Wednesday 11th March 2026**. Representations received after this time will not be considered.

Full details of the consultation are available on the Council's website at:
www.valeofglamorgan.gov.uk/ldp or by scanning the QR code above.

The Council encourages representations on the Deposit Plan to be made via our **online consultation portal** available at <https://valeofglamorgan.oc2.uk/> however representations submitted using this form will also be accepted.

Representations are welcomed in both Welsh and English and this representation form is available in other formats on request e.g. Welsh, large print.

2: Your Views

QUESTION 1:

What are your thoughts on the Deposit RLDP (e.g. policies, site allocations)? Please state which site reference, policy or paragraph number your comments refer to. If you are commenting on more than one site, policy or paragraph, please use a separate sheet for each one.

SITE REFERENCE/POLICY/PARAGRAPH NUMBER:

Agree/Support	☐	Disagree/Object	✓	Comment	☐	No Comment	☐
---------------	--------------------------	-----------------	---	---------	--------------------------	------------	--------------------------

Comments: Planning reference HG1 KS2

I object to the proposed plan for an additional 250 houses in Dinas Powys because this is likely to lead to:

- 1. Increased congestion along Cardiff Road, with potentially 3-400 additional cars from the house build, impacting driving in both directions through Dinas Powys. Given the proposed entrance and exit to the site, any traffic measures there would also impact traffic congestion by Redlands Road and Merrie Harriers junction which is only a short distance away.**
- 2. Public Transport- Eastbrook Station is not suitable for wheelchair users nor those using prams/buggies as it has a step bridge. Whilst rail links have improved with the newer four carriage trains, there are times when the older trains with only two carriages are used. This makes commuting very difficult as the train is already full when it arrives at Eastbrook. Buses remain a poor and unreliable service through Dinas Powys so potentially could struggle further with extra traffic.**
- 3. Walking along Cardiff Road from proposed site entrance/exit along Cardiff Road is very narrow and would be difficult for wheelchair users and those using prams/buggies.**
- 4. Health Centre (since taking on Penarth patients) and Schools already at capacity. Where would the extra children/patients go?**
- 5. Flooding- after the flooding of around 90 houses in 2020, there is grave concern about any extra building, particularly because of the streams in the proposed area and how this could impact the streams running through the village. In the last 12 months there have been two significant collapses of old water pipes, leading to major disruption across the village. More homes will generate more waste and sewage water and realistically will current old pipes be able to cope in providing water and also taking away waste and sewage?**

QUESTION 2: WELSH LANGUAGE

We would like to know your views on the effects that proposals in the Deposit Plan would have on the Welsh language, specifically on opportunities for people to use Welsh and on treating the Welsh language no less favourably than English. Do you think that there will be any impacts, either positive or negative? Please explain
