I object to this proposal on HEALTH GROUNDS.

Twice a day traffic queues up to one mile on the Rhoose Road and half a mile on each of the other three roads trying to access the round about with several hundred ith engines idling. The fumes are dreadful and should be monitored. Add to this up to 150 cars on the proposed development.

The Welsh Government have all types of targets for CLEAN AIR. This would be a U TURN in Government policy.

Would love to see your comments on the above.
