Vale of Glamorgan Replacement Local Development Plan 2021-2036

DEPOSIT PLAN CONSULTATION

Public Consultation Representation Form

The Council is seeking your views on the Replacement Local Development Plan (RLDP) **Deposit Plan**. The Deposit Plan is the next formal stage in the development plan preparation process and expands on the Preferred Strategy which the Council consulted on in December 2023 – February 2024.

The Deposit Plan is the full draft version of the RLDP, detailing the **overall strategy, development policies, land designations** (e.g. conservation) and **specific land allocations** for development (including new housing and employment sites) over the 15-year period 2021-2036.

The public consultation will run for 6 weeks between **Wednesday 28th January 2026 and Wednesday 11th March 2026**. Representations received after this time will not be considered.

Full details of the consultation are available on the Council's website at: www.valeofglamorgan.gov.uk/ldp or by scanning the QR code above.

The Council encourages representations on the Deposit Plan to be made via our **online consultation portal** available at <https://valeofglamorgan.oc2.uk/> however representations submitted using this form will also be accepted.

Representations are welcomed in both Welsh and English and this representation form is available in other formats on request e.g. Welsh, large print.

2: Your Views

QUESTION 1:

What are your thoughts on the Deposit RLDP (e.g. policies, site allocations)?

Please state which site reference, policy or paragraph number your comments refer to. If you are commenting on more than one site, policy or paragraph, please use a separate sheet for each one.

Comments:

Site reference: HG1 KS2 I strongly object to this land being allocated for development for 250 houses in Dinas Powys. This will lead to an obvious increase in congestion along Cardiff Road which is already at capacity during peak times. Traffic has already increased following the addition of Scholars Park and Caerwent Gardens and you are continuing to add traffic to an already over used road. As a Dinas Powys resident, travelling along this route requires sitting in bumper to bumper traffic, causing pollution and this proposal will only exacerbate this problem. There is already limited parking at Eastbrook train station and no viable pedestrian access to the station. If development is supposed to be in line with sustainability in mind, how do you propose the residents access the train station? They won't! They will all use their cars which will add to the road network problem. The proposal will reduce the green belt and destroy mature hedgerows and vegetation resulting in a loss of wildlife. The proposed 'new planting' will not adequately resolve the damage caused by the new proposal. Dinas Powys is isolated from other towns and is proud of its stand alone identity. Your constant development within the village is resulting in its loss of identity - the very thing that gives Dinas Powys its appeal - you are fast eroding and seem intent on destroying. There are plenty of other brown field sites that could be developed before destroying another greenfield site. Dinas Powys already suffers from flooding problems and has this has been exacerbated recently with frequent storms and climate change. This estate would only add to the problem with additional pressure being put on existing waterways which are already at capacity during heavy rainfall. You are being extremely irresponsible and endangering existing residents to more flooding with this proposal. Schools and NHS services in Dinas Powys and Penart are already at capacity, where on earth will the children be educated and access GP services? There must be other alternative options within the Vale which could be developed that would have a less detrimental impact on services, residents and the environment so that you can meet housing targets.

QUESTION 2: WELSH LANGUAGE

We would like to know your views on the effects that proposals in the Deposit Plan would have on the Welsh language, specifically on opportunities for people to use Welsh and on treating the Welsh language no less favourably than English. Do you think that there will be any impacts, either positive or negative? Please explain
