Comments:

I have lived in my present property since 1981. Over that period of time there have been substantial changes to this community in that time with the population growing substantially, and it not remaining a village that I moved to some 40 years ago.

Proposed development Eastbrook HG1 KS2

Whilst I acknowledge that there is a need to build homes nationally, as outlined by the government, I feel that this development would have a radical affect on this community and its infrastructure for years to come. A further 250 houses would generate on average two vehicles per household and I would imagine that the properties, as new builds, would entice new families putting further strain on the educational and health services within the village both of which are at full capacity at present.

The roads are at breaking point with residential side roads being used as short cuts, creating unnecessary hazards and dangers to the community the roads are in poor condition and further traffic can only further this. When I moved here in 1981 the A4055 was a busy road but became quieter between the hours of 10pm till 6 pm, now the quiet period is 3am to 4am only with heavy goods vehicles constantly using the road and private vehicles ignoring speed restrictions. More vehicles from the proposed site can only further add to the problem. I believe access to the site will be off the A4055 with traffic lights causing more delays and congestion to road overwhelmed with traffic enhanced in recent years by developments in Barry Waterfront and other developments.

This work would bring us in this community nearer to Llandough and Penarth losing our identity.

I DO NOT want this development on my doorstep and I hope this puts my objection forward

QUESTION 2: WELSH LANGUAGE

We would like to know your views on the effects that proposals in the Deposit Plan would have on the Welsh language, specifically on opportunities for people to use Welsh and on treating the Welsh language no less favourably than English. Do you think that there will be any impacts, either positive or negative? Please explain
