Vale of Glamorgan Replacement Local Development Plan 2021-2036

DEPOSIT PLAN CONSULTATION

Public Consultation Representation Form

The Council is seeking your views on the Replacement Local Development Plan (RLDP) **Deposit Plan**. The Deposit Plan is the next formal stage in the development plan preparation process and expands on the Preferred Strategy which the Council consulted on in December 2023 – February 2024.

The Deposit Plan is the full draft version of the RLDP, detailing the **overall strategy, development policies, land designations** (e.g. conservation) and **specific land allocations** for development (including new housing and employment sites) over the 15-year period 2021-2036.

The public consultation will run for 6 weeks between **Wednesday 28th January 2026 and Wednesday 11th March 2026**. Representations received after this time will not be considered.

Full details of the consultation are available on the Council's website at: www.valeofglamorgan.gov.uk/ldp or by scanning the QR code above.

The Council encourages representations on the Deposit Plan to be made via our **online consultation portal** available at <https://valeofglamorgan.oc2.uk/> however representations submitted using this form will also be accepted.

Representations are welcomed in both Welsh and English and this representation form is available in other formats on request e.g. Welsh, large print.

Ref: HG1 KS2

I have a lot of concerns regarding this development given the current pressures on local services, infrastructure and the environment. These include:

Local NHS capacity. It is already very difficult to secure a GP appointment, and hospital capacity is at its limit too. Do the council intend to increase capacity for health services in the area, for example more GP surgeries, staffed with GPs, nurses and support staff?

Schools capacity. Local schools are already at capacity. I frequently see residents complaint online about difficulties getting their children into local primary and secondary schools in the area. Do the council intend to build and staff more schools for the increase in demand that a new development would result in?

Local traffic and pollution. The areas from Barry through Dinas Powys and Penarth are already very busy with traffic and during rush hours the traffic queues are significant. This creates delays for local people communitng and traveling the area and also increases local pollution. I do not understand how the council can manage the impact of more cars on local roads give there is no obvious way to increase capacity. A new developemt will add the the frustration many local residents have when travelling by car. Train capacity at rush hours is also stretched, with people in using the Cogan train station sometimes struggling to board a train at peak times. More homes=more passengers affecting already stretched trains capacity.

Greenbelt and the environment. Tis new development will eatr into greenbelt and adversely affect wildlife habitat.

Increased flooding risk. More building on land around Eastbrook will put pressure on local water infrastructure, further increasing fooding risk in the area.

QUESTION 2: WELSH LANGUAGE

We would like to know your views on the effects that proposals in the Deposit Plan would have on the Welsh language, specifically on opportunities for people to use Welsh and on treating the Welsh language no less favourably than English. Do you think that there will be any impacts, either positive or negative? Please explain
