Subject: Re: New houses on land north of Dinas Powys

[You don't often get email from [REDACTED]. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

Good afternoon

I would like to add to my email below. I did not attend the consultation event, [REDACTED], and would like to state that, despite what they claim, they do not speak for all Dinas Powys residents. In fact part of my reason for not attending was that I didn't feel comfortable being able to state my feelings that I want these houses to be built, [REDACTED]. That's not a nice position to be in, and I will raise it with the community council, if and when I get a suitable opportunity.

Also, the fake news misinformation posted online [REDACTED] (pictures of bulldozers from google to announce a consultation event, misleading people that the groundwork is underway), is disgusting and adds to the feeling that I cannot state my view.

There are many young families in Dinas Powys, that are desperate to move house and want to stay in Dinas, within the schools catchment area, but we cannot as there are no houses available. Having to wait for new builds is frustrating enough, but if these houses don't get built, it will mean my family, and others like us, will be forced to leave the village. This is something those [REDACTED] are completely disregarding, whilst claiming to speak for all residents of Dinas Powys.

I will say, there should be constructive dialogue about road access, and personally, I think a better entrance to the site, would be on the disused old tarmac patch between the Merrie Harrier, and the church by those traffic lights. That would reduce traffic on Cardiff Road. Or better yet, build the fabled Dinas Powys Bypass.

Please please please, do not give in to the vocal minority; [REDACTED]. Please build the houses that young families of Dinas Powys so desperately need.

Thanks

Pete
