DEPOSIT PLAN CONSULTATION

Public Consultation Representation Form

The Council is seeking your views on the Replacement Local Development Plan (RLDP) **Deposit Plan**. The Deposit Plan is the next formal stage in the development plan preparation process and expands on the Preferred Strategy which the Council consulted on in December 2023 – February 2024.

The Deposit Plan is the full draft version of the RLDP, detailing the **overall strategy, development policies, land designations** (e.g. conservation) and **specific land allocations** for development (including new housing and employment sites) over the 15-year period 2021-2036.

The public consultation will run for 6 weeks between **Wednesday 28th January 2026 and Wednesday 11th March 2026**. Representations received after this time will not be considered.

Full details of the consultation are available on the Council's website at: www.valeofglamorgan.gov.uk/ldp or by scanning the QR code above.

The Council encourages representations on the Deposit Plan to be made via our **online consultation portal** available at <https://valeofglamorgan.oc2.uk/> however representations submitted via this form will also be accepted.

Representations are welcomed in both Welsh and English and this representation form is available in other formats on request e.g. Welsh, large print.

250 houses proposed on the land to the north of Dinas Powys

Comments:

Before I begin my objection I would like to state that I am not a NIMBY. I recognise the need for housing especially as the U.K. population has increased dramatically over the years. However, without the infrastructure being put in place then all that happens is the standard of living is reduced for the residents.

I live in Georges Row which is usually congested due to residents on Cardiff Road having to park in the street. Georges Row is proposed as an access for all vehicles. This spills out onto Cardiff Road, which will lead to more congestion.

I am worried about the water run off into the Cadoxton River with the extra houses being built. This winter has had an exceptionally high rainfall and with climate change extreme weather will be the norm.

Where is the infrastructure to accommodate these extra houses? Dinas Powys has one health centre, one primary school, one church primary school and two high schools in Penarth, which I can tell to believe, are oversubscribed.

Finally, you as a Council, have you got evidence that these houses will enhance Dinas Powys? If you can see that there will be more traffic congestion, probably more flooding of houses, an infrastructure that is creating, how can you justify this proposal?

QUESTION 2: WELSH LANGUAGE

We would like to know your views on the effects that proposals in the Deposit Plan would have on the Welsh language, specifically on opportunities for people to use Welsh and on treating the Welsh language no less favourably than English. Do you think that there will be any impacts, either positive or negative? Please explain.

Comments:

It depends on the ethnicity of the people who will purchase these houses. Some may come and want to enrol their children in Welsh speaking educational facilities which is wonderful. Others will come because of their jobs and some just want to move out of the city. If you don't have a mix of Welsh speakers then the Welsh language will eventually die. I think it is classed as endangered already.
