Vale of Glamorgan Replacement Local Development Plan 2021-2036

DEPOSIT PLAN CONSULTATION

Public Consultation Representation Form

The Council is seeking your views on the Replacement Local Development Plan (RLDP) **Deposit Plan**. The Deposit Plan is the next formal stage in the development plan preparation process and expands on the Preferred Strategy which the Council consulted on in December 2023 – February 2024.

The Deposit Plan is the full draft version of the RLDP, detailing the **overall strategy, development policies, land designations** (e.g. conservation) and **specific land allocations** for development (including new housing and employment sites) over the 15-year period 2021-2036.

The public consultation will run for 6 weeks between **Wednesday 28th January 2026 and Wednesday 11th March 2026**. Representations received after this time will not be considered.

Full details of the consultation are available on the Council's website at: www.valeofglamorgan.gov.uk/ldp or by scanning the QR code above.

The Council encourages representations on the Deposit Plan to be made via our **online consultation portal** available at <https://valeofglamorgan.oc2.uk/> however representations submitted using this form will also be accepted.

Representations are welcomed in both Welsh and English and this representation form is available in other formats on request e.g. Welsh, large print.

Planning reference HG1 KS2

This objection relates to the proposed development of 250 houses on land adjacent to Cardiff Road between Eastbrook and the Merrie Harriers junction. I wish to object on two grounds:

Health and Well being of the residents of Dinas Powys: The level of traffic currently using this route into and out of Dinas Powys is already at crisis point. The level of air pollution must be significant with traffic queuing at peak times - this is going to be exacerbated with an additional 250 households each of which will have at least 1 car. the impact on the daily lives of current residents will be significant. To walk along Cardiff Road currently is not a pleasant experience- the pavements are too narrow, with buses and lorries passing closely to pedestrians which can be frightening. With even more traffic this is only going to get more dangerous.

Whilst there are currently public transport options available, it is short sighted to argue that these will be used by new residents - for families, parents often need to take children to school and then go straight to work, making the use of public transport not a viable option. This development will inevitable lead to an increase in road traffic on an already over whelmed infrastructure. the negative impact on the health and wellbeing of residents is significant.

there is a real potential for services currently provided in Dinas Powys to be overwhelmed - access to GP services is already difficult, and I would also question if there are enough school places available

Impact on the environment: Flooding is already a real issue for Dinas Powys. More development will lead to more water run off into the Cadoxton River, increased risk of flooding and potential for more discharges of raw sewage into the sea. Having been a victim of flooding, I find the prospect of more frequent flooding events very worrying - I don't feel the current plans give any reassurance that this risk has been given sufficient consideration

QUESTION 2: WELSH LANGUAGE

We would like to know your views on the effects that proposals in the Deposit Plan would have on the Welsh language, specifically on opportunities for people to use Welsh and on treating the Welsh language no less favourably than English. Do you think that there will be any impacts, either positive or negative? Please explain
