Site Id 4069 East of Colwinston

The site and proposal for 25 houses is not sustainable as the village would then have increased by 57% in 10 years. There is only a small farm shop. Too much traffic on narrow lanes. Entrance next to the school which is already very busy extra cars would increase the accident risk to school children. No public transport. Bus stop approx. 1 mile along busy lane with no footpath and impossible to cross busy A48 safely. Entry and exit to and from A48 is already hazardous I was involved and injured in a serious car accident at this junction 18 months ago. The site is outside the settlement boundary of the village.

It is necessary for residents to use cars at all times and this development would result in a possible 50 extra car journeys using unsuitable narrow lanes on a daily basis. Pressure on utilities would be unsustainable. Other proposed sites in Colwinston were rejected for the above reasons, these apply to this site also. The proposed site is currently used for agriculture and is top quality agricultural land. Building more houses on agricultural land is not environmentally friendly and had a detrimental effect on the ability to produce home grown food for the nation. This site should not be added to the Vale of Glamorgan Local Development Plan.

Please attach additional pages if required.
