**Subject:** Response to Llanmaes Local Development Plan

Dear Sirs,

Please find below my responses to Llanmaes Local Development Plan.

**Conservation/Green Wedge Site ID 436. Proposal Number DNP2(6)**

I fully support the adoption of this site as a green wedge between Llantwit and Llanmaes, in order to protect this area of rural land against urban encroachment and to prevent coalescence between the town of Llantwit and the village of Llanmaes.

**Retail - Land at Bridge House Farm Site ID 379, Proposal Number SP12 (2)**

I completely disagree that this land should be used for retail purposes, because such a retail development would result in the very coalescence the community council seeks to prevent and would be out of keeping within the proposed green wedge.

Kind regards

Susan Tandy
