WEYCOCK CROSS

- 1 Loss of Green Wedge. Green Wedge should not be a movable commodity to suit council policy.
- 2 Flooding - Weycock Cross roundabout constantly floods. The field in question also has flooding issues. There is no mitigation in the current RLDP.
- 3 - Mitigation - This does not work, look at Culverhouse Cross.
- 4 Further development - Another 1600 houses proposed for Rhosse putting pressure on the main arterial route into Rhosse (at the Weycock Cross roundabout).
- 5 Lack of public transport in the area. Doctors Surgeries are over subscribed, along with schools dentists etc.
- 6 Over capacity on Port Road. The road from the proposed site (onto Port Road) was built for approx 2,000 vehicles. The council carried out their own survey a number of years ago and it was found that over 24,000 cars were using the route.
- 7 The site is outside the urban boundary.
- 8 Nant Talwg Way Pumping Station regularly breaks down & this after the supposed upgrade.
- 9 Loss of Agricultural Land.

Please attach additional pages if required.

QUESTION 2: WELSH LANGUAGE

We would like to know your views on the effects that proposals in the Deposit Plan would have on the Welsh language, specifically on opportunities for people to use Welsh and on treating the Welsh language no less favourably than English. Do you think that there will be any impacts, either positive or negative? Please explain
