Subject: VALE OF GLAMORGAN COUNCIL REPLACEMENT LOCAL DEVELOPMENT PLAN
2021-2036 December 2025

FAO: [REDACTED] Senior Planning Officer for the Planning and Transportation
Vale of Glamorgan Council

Dear [REDACTED],

1. During the consultation stage for the RLDP 2021-2036 we registered our objections to the proposed candidate sites 461, 473, and 481, all within the Boverton Conservation Area.

2. I was unable to attend at the recent public meeting on Friday 23 Feb in Llantwit Major but I understand from [REDACTED] - a neighbour who you spoke with about these 3 candidate sites - that they are no longer included in the Candidate Site Stage 2 Assessment Register. This is good news as we felt very strongly that development of housing and retail on these sites would be inappropriate, especially as there are more suitable sites close by.

3. If case development plans could still be proposed by developers for these 3 sites in the future, I would like to register my ongoing objection and I will reiterate my objections using the current online consultation portal by 11 March as you recommended to [REDACTED].

John Wainwright

Boverton
