Subject: Representation form - HG1 KS3 Land at Readers Way. Celtic Way Access

Please find attached Public Consultation Representation Form regarding the above and in particular the proposed access via Celtic Way.

I have also attached 4 supporting photographs referred to in my representation. I have been assured that these will be linked and considered together.

Plans shown to date, including on the policy documents on the portal and in the public domain remain confusing and misleading. I am aware that some corrections have been made via social media but I strongly feel the Authority should demonstrate how the proposed accesses will work more accurately now, not at some future date.

I'd be grateful if you will confirm receipt of the form and linking of the attachments.

Thank you
Shayne Wilford
