Vale of Glamorgan Replacement Local Development Plan 2021-2036

DEPOSIT PLAN CONSULTATION

Public Consultation Representation Form

The Council is seeking your views on the Replacement Local Development Plan (RLDP) **Deposit Plan**. The Deposit Plan is the next formal stage in the development plan preparation process and expands on the Preferred Strategy which the Council consulted on in December 2023 – February 2024.

The Deposit Plan is the full draft version of the RLDP, detailing the **overall strategy, development policies, land designations** (e.g. conservation) and **specific land allocations** for development (including new housing and employment sites) over the 15-year period 2021-2036.

The public consultation will run for 6 weeks between **Wednesday 28th January 2026 and Wednesday 11th March 2026**. Representations received after this time will not be considered.

Full details of the consultation are available on the Council's website at: www.valeofglamorgan.gov.uk/ldp or by scanning the QR code above.

The Council encourages representations on the Deposit Plan to be made via our **online consultation portal** available at <https://valeofglamorgan.oc2.uk/> however representations submitted using this form will also be accepted.

Representations are welcomed in both Welsh and English and this representation form is available in other formats on request e.g. Welsh, large print.

Comments:

New Lock cross roundabout is already close to capacity with long queues during rush hours. Proposed improvements do not address the forecasted volume of traffic. This roundabout is the main route between Barry/Cardiff/M4 and Rhosneig/GG. The extra traffic will also adversely affect the access to the airport meaning that travellers will go elsewhere. New bus stops are fine but where are the buses to use them? The proposed plan does nothing to change the reliance on private car use.

Doctors surgeries already have long waiting times for appointments. Extra housing and population will increase this problem. Ambulance call outs take ages to reach patients and new developments will add to this. Children and parents are forced into car use because of walking distance and road safety.

In the last LDP the site came under a "Green Wedge" to provide limits to urban growth and settlements for separation. What has suddenly changed? Is this going to be done all over the V&G. This is going against its own promises by considering this site for development.

I oppose this version of the RLDP as it does not adequately address the issues facing the V&G or plan adequately for the future.

I oppose the development of the North West Barry site as it will have a major negative impact on residents already living in the V&G and especially in the area surrounding the proposed site.

A key point of the RLDP is that it should create an improvement in the Health and Well Being of our communities and in no way does the RLDP in its current proposed form satisfy this criteria.

IMPORTANT INFORMATION

Thank you for your comments. Following the consultation, the Council will consider the responses and prepare a report of consultation, which will form part of the evidence for the Replacement Local Development Plan.
