Subject: LLangan Gypsy and Traveller Site

[REDACTED]

Dear Mr Thomas

We are writing to object to part of the local development plan, specifically the consideration that the unauthorised travellers site located to the east of Llangan village should

1. Be continued (by inference from point 2
2. Be enlarged from a 2 to a 7 pitch site

I hope you are aware of the long history of the site which has been a subject of concern since the early 1990s and has been the subject of judicial and local reviews and legal

action on numerous times, which directed the then S Glam Authority to return the disputed land to its previous agricultural use.

Subsequently in 2017 it was agreed with the VoG that the land should be transferred to Llangan Community Council for use as a village community site , a position confirmed with Marcus Goldsworthy and the planning department in 2022. Additional land for village use is needed as at present we have no play areas or outside community space for the children and families who live in the village

Other reasons the site is unsuitable for multiple occupation

The village and surrounding land has no public transport

Access to the site is difficult and unsuitable for large

Inadequate sewage system

We await your response with interest

Annie & John Williams
