Vale of Glamorgan Replacement Local Development Plan 2021-2036

DEPOSIT PLAN CONSULTATION

Public Consultation Representation Form

The Council is seeking your views on the Replacement Local Development Plan (RLDP) **Deposit Plan**. The Deposit Plan is the next formal stage in the development plan preparation process and expands on the Preferred Strategy which the Council consulted on in December 2023 – February 2024.

The Deposit Plan is the full draft version of the RLDP, detailing the **overall strategy, development policies, land designations** (e.g. conservation) and **specific land allocations** for development (including new housing and employment sites) over the 15-year period 2021-2036.

The public consultation will run for 6 weeks between **Wednesday 28th January 2026 and Wednesday 11th March 2026**. Representations received after this time will not be considered.

Full details of the consultation are available on the Council's website at: www.valeofglamorgan.gov.uk/ldp or by scanning the QR code above.

The Council encourages representations on the Deposit Plan to be made via our **online consultation portal** available at <https://valeofglamorgan.oc2.uk/> however representations submitted using this form will also be accepted.

Representations are welcomed in both Welsh and English and this representation form is available in other formats on request e.g. Welsh, large print.

Comments:

HG1 KS2 - LAND TO THE NORTH OF DINAS POWYS - 250 HOMES

My disagreement/objections are as follows:-

- a.) Invasion into the green belt which could eventually result in the merger of Dinas Powys/Eastbrook and Llandough, i.e. loss of the village identity;
- b.) Additional use of the pedestrian traffic lights for Eastbrook Railway Station would result in increased traffic delays and pollution;
- c.) 250 new homes will mean a substantial increase of traffic movements from and to the site with access controlled by traffic lights. Many occupiers are likely to own a second car. In addition, proposed sites at KS1, KS3, KS4 and KS5 provide for 2028 new homes and it is reasonable to assume a proportion of cars leaving those sites will use Cardiff Road to travel to work or for recreational purposes - creating further grid locking and pollution. There is effectively no provision to improve traffic flow through Dinas Powys which has increasingly become congested. Dinas Powys By-Pass should be provided prior to consideration of more housing in the area;
- d.) Flood risk from Cadoxton River and East Brook has not been adequately addressed. Natural Resources Wales have in the recent past undertaken a review of the flood risk; however, they have not put forward comprehensive proposals to solve the problem, but devised plans to "manage" incidents as and when they arise. Surface water running off a developed site would end up in East Brook and therefrom into Cadoxton River increasing the flood risk. Appropriate action would be essential to address this matter. Consideration of foul waste arrangements is also essential - Does the existing system have capacity for the proposed additional housing?; and
- e.) Doctors and dentists services are already stretched. What about availability of places in the schools?

QUESTION 2: WELSH LANGUAGE

We would like to know your views on the effects that proposals in the Deposit Plan would have on the Welsh language, specifically on opportunities for people to use Welsh and on treating the Welsh language no less favourably than English. Do you think that there will be any impacts, either positive or negative? Please explain
