Vale of Glamorgan Replacement Local Development Plan 2021-2036

DEPOSIT PLAN CONSULTATION

Public Consultation Representation Form

The Council is seeking your views on the Replacement Local Development Plan (RLDP) **Deposit Plan**. The Deposit Plan is the next formal stage in the development plan preparation process and expands on the Preferred Strategy which the Council consulted on in December 2023 – February 2024.

The Deposit Plan is the full draft version of the RLDP, detailing the **overall strategy, development policies, land designations** (e.g. conservation) and **specific land allocations** for development (including new housing and employment sites) over the 15-year period 2021-2036.

The public consultation will run for 6 weeks between **Wednesday 28th January 2026 and Wednesday 11th March 2026**. Representations received after this time will not be considered.

Full details of the consultation are available on the Council's website at: www.valeofglamorgan.gov.uk/ldp or by scanning the QR code above.

The Council encourages representations on the Deposit Plan to be made via our **online consultation portal** available at <https://valeofglamorgan.oc2.uk/> however representations submitted using this form will also be accepted.

Representations are welcomed in both Welsh and English and this representation form is available in other formats on request e.g. Welsh, large print.

2: Your Views

QUESTION 1:

What are your thoughts on the Deposit RLDP (e.g. policies, site allocations)?

Please state which site reference, policy or paragraph number your comments refer to. If you are commenting on more than one site, policy or paragraph, please use a separate sheet for each one.

Comments:

Weycock Cross Site HG1 KS1

I am objecting on the grounds that this site will have a significant impact on the residents of the Rhose Ward.

A potential increase in traffic from both the new Vale College and the housing development North Of the Railway Line will add considerable increase in congestion at Weycock Cross. It has been suggested that a new layout would resolve this but that would firstly the cost would be great and no available funding and this would need to be prior to any new development.

Sewage: Welsh Water have already shown that capacity for sewerage is at capacity, and with raw sewage already being poured onto our beaches it can only get worse.

Wildlife: Many species of plants and animals are protected. The protection applies to the habitats of bats, otters and many other animals, as well as many plants

Infrastructure: There is only a 3rd level Tesco and although walking distance an elderly person would not be able to traverse this on safety grounds, and carry shopping.

Health Services: There are no Doctors or Dentists in close proximity and those that are fairly close are already at capacity.

Education: All local schools are at capacity.

Building on Green Wedge is generally restricted to protect urban sprawl and prevent towns merging, with a strong presumption against 'inappropriate development'.

Green wedges are designed to keep areas open, maintain the character of the countryside and prevent merging of settlements.

QUESTION 2: WELSH LANGUAGE

We would like to know your views on the effects that proposals in the Deposit Plan would have on the Welsh language, specifically on opportunities for people to use Welsh and on treating the Welsh language no less favourably than English. Do you think that there will be any impacts, either positive or negative? Please explain
