Vale of Glamorgan Replacement Local Development Plan 2021-2036

DEPOSIT PLAN CONSULTATION

Public Consultation Representation Form

The Council is seeking your views on the Replacement Local Development Plan (RLDP) **Deposit Plan**. The Deposit Plan is the next formal stage in the development plan preparation process and expands on the Preferred Strategy which the Council consulted on in December 2023 – February 2024.

The Deposit Plan is the full draft version of the RLDP, detailing the **overall strategy, development policies, land designations** (e.g. conservation) and **specific land allocations** for development (including new housing and employment sites) over the 15-year period 2021-2036.

The public consultation will run for 6 weeks between **Wednesday 28th January 2026 and Wednesday 11th March 2026**. Representations received after this time will not be considered.

Full details of the consultation are available on the Council's website at: www.valeofglamorgan.gov.uk/ldp or by scanning the QR code above.

The Council encourages representations on the Deposit Plan to be made via our **online consultation portal** available at <https://valeofglamorgan.oc2.uk/> however representations submitted using this form will also be accepted.

Representations are welcomed in both Welsh and English and this representation form is available in other formats on request e.g. Welsh, large print.

1: Contact Details

Your / Your Client's Details			Agent's Details (if relevant) *		
Title	Mr		Title		
Name	Charles Daulton		Name		
Organisation (If applicable)	N/A		Organisation (If applicable)		
Address			Address		
Postcode			Postcode		
Email			Email		
Telephone No.			Telephone No.

	Letter	☐		Letter	☐
Language preference: (Please tick)	English	☒	Language preference: (Please tick)	English	☐
	Welsh	☐		Welsh	☐

*If you are acting as an Agent, please also provide details of person/organisation you are representing (Note: you will need to supply a separate form for each person/organisation you are representing).

2: Your Views

QUESTION 1:

What are your thoughts on the Deposit RLDP (e.g. policies, site allocations)?

Please state which site reference, policy or paragraph number your comments refer to. If you are commenting on more than one site, policy or paragraph, please use a separate sheet for each one.

SITE REFERENCE/POLICY/PARAGRAPH NUMBER:

Agree/Support	☐	Disagree/Object	☒	Comment	☒	No Comment	☐

Comments:

RLDP Consultation: HG1 KS1 – Land at North West Barry (Weycock Cross)

Summary of Objections

11/03/26

I object to the proposed allocation of HG1 KS1 (North West Barry / Weycock Cross) on the grounds that it is unsound, unjustified, and undeliverable. Taken together, the Council's own evidence base and the developer's supporting technical documents demonstrate that the site fails to meet key tests of sustainability, deliverability, and policy compliance. Fundamental constraints relating to infrastructure capacity, transport, drainage, biodiversity, Green Wedge protection, landscape character, and heritage remain unresolved and cannot realistically be mitigated.

Community Infrastructure & Health

The RLDP fails to provide a credible or deliverable strategy for addressing pressures on GP services, education, social care, and community facilities arising from this allocation. The Council's own Health Impact Assessments warn of adverse health outcomes where development proceeds in advance of infrastructure delivery. Reliance on vague future off-site financial contributions does not constitute a sound or strategic approach and provides no certainty that infrastructure would be delivered in a timely or coordinated manner.

Transport & Air Quality

The road network around Weycock Cross already operates at or beyond capacity. The RLDP transport evidence is incomplete, relies on limited datasets, and notably omits an Air Quality Assessment. Opportunities for active travel and public transport are indirect, poorly connected, or impractical. As a result, the allocation would promote highly car-dependent growth, leading to increased congestion and pollution, contrary to Planning Policy Wales and the Well-being of Future Generations (Wales) Act.

Drainage & Flood Risk

The developer's own drainage strategy identifies unresolved and potentially critical risks. These include the absence of NRW Product 6 data, significant discrepancies between flood model outputs and existing ground levels, uncertainty over downstream watercourse capacity, and soil conditions that render SuDS infiltration unviable. The requirement for approximately 9,580 m³ of attenuation raises serious concerns regarding land take and viability. Foul drainage proposals remain speculative and dependent on extensive off-site works. Overall, the evidence does not demonstrate that a workable or deliverable drainage solution exists.

Biodiversity & Ecological Constraints

The Preliminary Ecological Appraisal identifies multiple high-value ecological receptors, including Ancient Semi-Natural Woodland, Priority Hedgerows, bats, dormice, badgers, otters, reptiles, and Red-List protected ground-nesting birds. Given the scale and location of the proposed development

QUESTION 2: WELSH LANGUAGE

We would like to know your views on the effects that proposals in the Deposit Plan would have on the Welsh language, specifically on opportunities for people to use Welsh and on treating the Welsh language no less favourably than English. Do you think that there will be any impacts, either positive or negative? Please explain

Yes

No

Don't know

No Comment

**Comments:****Policy and Local Context**

Planning Policy Wales (PPW) and Technical Advice Note 20 (TAN 20) require local development plans to take account of how the scale, location, and form of development may influence the Welsh language, particularly where growth has the potential to change population patterns or weaken community cohesion. These considerations are especially relevant where development is proposed at the edge of existing settlements.

Wider Pressure on Community Infrastructure

PPW and TAN 20 also recognise that the Welsh language is supported through healthcare provision, schools, community facilities, and social infrastructure more broadly. Where development advances ahead of infrastructure delivery, increased pressure on GP services, schools, and community spaces can erode social cohesion and limit the ability of communities to operate bilingually. The lack of a clear and deliverable infrastructure strategy therefore has indirect but significant implications for the long-term sustainability of the Welsh language.

Car-Dependent Layout and Weak Community Integration

HG1 KS1 lies on the periphery of Barry, with limited connectivity to established neighbourhoods, schools, community facilities, and locations where Welsh language activity is concentrated. The site's strong reliance on private car travel significantly limits opportunities for routine social interaction within the town. PPW recognises that the Welsh language is sustained through social networks, informal engagement, and active involvement in community life. Development that takes the form of a highly car-dependent, edge-of-settlement housing extension risks creating physically and socially detached residential areas, reducing opportunities for linguistic integration and everyday use of Welsh. This issue is particularly acute in Barry, where Welsh language use is largely sustained through deliberate participation in schools, cultural organisations, and community facilities, rather than casual exposure.

ABOUT YOU

The following questions will help us ensure data is representative of population of the authority and help us to target underrepresented groups. **You are not required to complete this section if you would prefer not to.**

IMPORTANT INFORMATION

Thank you for your comments. Following the consultation, the Council will consider the responses and prepare a report of consultation, which will form part of the evidence for the Replacement Local Development Plan.

Completed Representation Forms and any supporting information should be returned to the LDP Team:

BY EMAIL – ldp@valeofglamorgan.gov.uk

ONLINE – By completing the electronic form at <https://valeofglamorgan.oc2.uk/>

BY POST – Planning Policy Team, Vale of Glamorgan Council, Civic Offices, Holton Rd, Barry, CF63 4RU

If you require any further information or have any questions, please contact the LDP Team on 01446 704681 or e mail ldp@valeofglamorgan.gov.uk

Submissions are welcome in either Welsh or English and this representation form is available in other formats on request e.g. Welsh, large print.

How we will use your information

On 25th May 2018 the General Data Protection Regulation (GDPR) came into force, placing new restrictions on how organisations can hold and use your personal data and defining your rights with regard to that data. Any personal information disclosed to us will be processed in accordance with our Privacy Notice. A paper copy of the Council's Privacy Notice can be provided upon request or can be viewed at: https://www.valeofglamorgan.gov.uk/en/our_council/Website-Privacy-Notice.aspx

Data Protection Notice – Please note that all comments received cannot be treated as confidential and once duly reported and considered, will be available for public inspection. We will also hold your contact details on our Replacement LDP Consultation Database for the duration of the RLDP preparation process which will keep you informed of future updates. If you would like to be removed from the database at any time and no longer wish to receive correspondence from the Council on the RLDP, then this can be requested in writing. However, any information provided will be stored safely and retained in accordance with Vale of Glamorgan Council's data retention policy unless it needs to be retained under another lawful basis.

REPRESENTATION FORMS SHOULD BE RETURNED BY NO LATER THAN

23:55 ON WEDNESDAY 11th MARCH 2026

REPRESENTATIONS RECEIVED AFTER THIS TIME WILL NOT BE CONSIDERED
