Comments:

The most obvious problem with regard to the development in the Cardiff Road area is traffic. Cardiff Road is often at a standstill because of the volume of traffic another 500+ cars will just make this worse. Air pollution is a real concern. There are no plans for new roads in the area. The massive lorries that use the road are a problem too. Dinas Powys has always been recognised as a village community. This is being eroded by all the over-building in surrounding areas.

Schools and doctors surgeries are over-subscribed at present. What plans are there for extra capacity.

If the development goes ahead, all houses should be affordable, not an estate of expensive houses with a small number of affordable / social housing included as a token gesture.

Thank you for your comments. Following the consultation, the Council will consider the responses and prepare a report of consultation, which will form part of the evidence for the Replacement Local Development Plan.
